

“Stay secure, stay vigilant”

A close-up, shallow depth-of-field photograph of a microscope's objective lens. The lens is the central focus, showing its metallic, cylindrical structure with various rings and a clear glass tip. The background is a soft, out-of-focus blue, suggesting a laboratory setting. The lighting is dramatic, highlighting the textures and reflections on the metal.

COMPANY

OVERVIEW

Nebula Intel Limited is a Tanzanian-registered, innovation-driven company that specializes in the distribution, installation, and technical support of pharmaceutical products and medical equipment. Located in Dodoma Urban, Dodoma region, our operations extend across Tanzania and into the wider East African region.

Founded in 2025, Nebula Intel is committed to strengthening healthcare systems by providing reliable access to quality medicines, modern medical technologies, and professional after-sales support. Our services are designed to meet the needs of hospitals, clinics, pharmacies, and healthcare NGOs seeking dependable solutions for patient care.

Our

Mission

To improve health outcomes by delivering high-quality pharmaceutical products, advanced medical equipment, and professional support services that empower healthcare institutions and professionals.

"Stay secure, stay vigilant"

Our Vision

To be the leading provider of innovative and trusted medical solutions in Africa, enhancing healthcare delivery through technology and reliable supply chains.

Our Core Values

Integrity

We conduct our business with honesty and ethical responsibility.

Innovation

We embrace technology to deliver modern healthcare solutions

Reliability

We ensure consistent delivery of quality products and services.

Customer-Centric

We prioritize the unique needs of each client with personalized solutions.

Excellence

We strive for quality, performance, and continuous improvement in all we do.
